20 October 2017 · 🌐

Nu är vinnarna utsedda i Innovationstävlingen vi hade på Näringslivsdagen förra veckan!

1:a pris med motiveringen

"För ett kreativt, innovativt nytänkande sätt att nyttja IoT tekniken att koppla upp rullstol och rollator i realtid och därigenom kunna få individens hälsostatus."

"For a innovative thinking by using the latest IoT technology and connect wheelchairs and walkers to monitor the individual health status"

Vinnare: Saaish Bhonagiri

2:a pris - Carina Fransson

3:e pris - Camilla Granström

Pristagarna meddelas per mail och priserna delas ut på Open Innovation Lunch den 26 oktober eller hämtas hos oss på Blue Science Park.

Stort grattis!!

Now the winners have been chosen in the Innovation Competition we had on Business Day last week!

1st prize with the motivation

"For a creative, innovative innovative way to use the IoT technology to connect wheelchair and walker in real time and thereby be able to obtain the individual's health status. "

"For a innovative thinking by using the latest IoT technology and connect wheelchairs and walkers to monitor the individual health status"

Winner : Saaish Bhonagiri

2nd prize - Carina Fransson

3rd prize - Camilla Granström

The prize winners will be announced by mail and prizes will be awarded at the Open Innovation Lunch on October 26 or picked up from us at Blue Science Park.

Many congratulations!!
